

Chairperson's Report

April 2018

Annual Summary

Fund Raising.

It's been a reasonably busy year parents evening T&C continue to gain momentum with the sale of second hand uniform going very well.

The Grand Draw went well, but was down a little on past years, I think we may need to rethink the prizes to maybe something more relevant to the Students (I am told they don't buy much from Amazon), this might help to encourage them to sell more tickets.

The CAMP evening remains a good money raiser

The quiz nights have been fun but not so profitable, and with Donna unable to continue next term we either need a new quiz master/mistress (who knows what is the correct term?). In previous years Tim has organised a Tamar boat trip through his work however that too has now fallen by the wayside mainly due to lack of parental support although neither raised huge amounts, in the words of Tesco, " every little helps".

Expenditure

As far as expenditure is concern our major contribution this has been the chrome books to the tune of £5000, on top of that Computers for the tech dept, musical instruments, and uniforms for the net ball teams have all been purchased or are in the pipeline.

Finally I would just like to say many thanks to one and all. Personally I would like to thank Rhona for covering for me, when it comes to public speaking, I just can't do it.
