

Mathematics A Level – yr12

Ready for year 13 A level Mathematics

YEAR 13

Independent Study Planners

Hypothesis Testing

Exponentials & Logarithms

Variable Acceleration

Classwiz skills

Differentiation & Integration

The Binomial Distribution

Probability

Technology skills

Graphs & Transformations

Binomial Expansion

Forces & Newton's Laws

Large Data Set

Written Mathematics development

9. Thinking & communicating with clarity and precision
Be clear!

Data work

Kinematics

Coordinate Geometry

4. Thinking flexibly
Look at it another way!

Problem Solving skills

Polynomials

Trigonometry

Vectors

6. Striving for accuracy
Check it again!

Being accurate & successful

Equations & Inequalities

Surds & Indices

Quadratic Functions

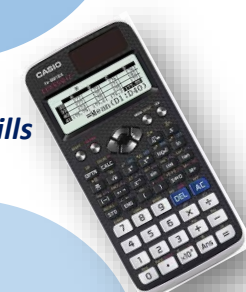

YEAR 12

MEI
Mathematics
Education
Innovation

integral

YEARS
10/11

GCSE Maths Grade 7+

Mathematics A Level – yr13

Ready for your next steps in education & employment

Revision
& 3 exam papers

Independent Study Planners

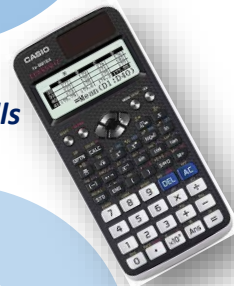

Differential equations

Moments

Parametric equations

Classwiz skills

Friction

Force & motion

Integration 2

Technology skills

Probability 2
& Prob distributions

Hypothesis Testing 2

Trigonometry,
functions &
identities

Large Data Set

Written Mathematics development

9. Thinking & communicating with clarity and precision
Be clear!

Further Differentiation

Projectiles

Kinematics 2

4. Thinking flexibly

Problem Solving skills

Look at it another way!

Numerical Methods

Functions & proof

Vectors 2

6. Striving for accuracy
Check it again!

Being accurate & successful

Algebra

Differentiation 2

Sequences & Series

YEAR
13

MEI
Mathematics
Education
Innovation

integral

YEAR
12

A successful 1st year.....
