Positive behaviour will be rewarded with:

- Comment from a member of staff.
- Letters, postcards, emails or phone calls home to parents.
- Special responsibilities/privileges
- Formal awards
- Celebrate success on the school's website
- Achievement points (SIMS points) Achievement points contribute to the whole school structure of certificates which are handed out by Heads of house, heads of year, pastoral lead, deputy head, headteacher and trust CEO.

The school may use one or more of the following sanctions in response to unacceptable behaviour:

- Verbal reprimand (Warn)
- Moving a pupil's seating position or group within a lesson (Move)
- Sending the pupil to another class to complete their work if disturbing the lesson (Remove)
- Detention at break or lunchtime, or after school
- Letters, emails or phone calls home to parents
- Agreeing a behaviour contract

- Putting a pupil on behaviour report.
- Internal exclusion
- Suspension
- Permanent exclusion

We may internally exclude the pupil in response to serious or persistent breaches of this policy and they will be expected to complete the same work as they would have done in class.

Pupils who do not attend a given detention are expected either to repeat it or attend another detention with a senior member of staff.

9.2 Off-site behaviour

Sanctions may be applied where a pupil has misbehaved off-site, when wearing school uniform or representing the school, such as on a school trip, on the bus on the way to or from school, or when a student is given the privilege to be off site at lunch time. Off-site behaviour includes bringing the school and its community into disrepute, including comments on social media, theft and drugs misuse. Under DfE Behaviour and Discipline in Schools January 2017 the CEO or Headteacher have a specific power to regulate students' behaviour when they are not on the premises of the school and not under the lawful control or charge of a member of staff if they are identifiable as a student at the school. If a student behaves in such a way as to contravene the Plymouth High School Code of Conduct when out of school but under the lawful control or charge of a member of staff e.g. on a school trip, sanctions should be put into place as indicated in the Protocol for Incidents on School Trips. If a student behaves in an inappropriate way while not under the lawful control or charge of a member of staff e.g. on the way home from school a sanction cannot be imposed at the time. If the student is observed behaving inappropriately by a teacher or by an older student, the observer should point out they have been observed and try to persuade them to change their behaviour but must not put themselves at risk or promote further confrontation. If inappropriate conduct is seen by a member of staff or reported to a member of staff, then a sanction should be put in place when the student is next in school. Inappropriate behaviour includes use of all forms of social media and messaging, for harassing other students or school staff. The use of defamatory or intimidating messages/images inside or outside school will not be tolerated, and disciplinary sanctions will be applied.

Travel Conduct

This Code of Conduct sets out the standards that the school expects students to meet when they are using public transport.

It also outlines the role that the students, parents/carers and the school play to ensure that the travel is safe and welcoming for all passengers.

Students:

1. You must arrive for the mode of transport punctually with a valid pass to travel or fare.
2. Act in a responsible manner when waiting for the transport to arrive – do not stand in an unsafe place. Do not engage in any behaviour that could affect the reputation of the school.
3. Show your travel pass when asked.
4. Occupy seats before standing. Standing passengers must do safely. Do not distract the driver.
Bags and equipment must not be placed on the seats or block the walkway.
5. Remain seated during the journey and do not inconvenience other passengers.

6. Comply with all instructions from your driver.
7. Disembark safely and cross roads with care – using the crossings in place if there are any.
8. Be courteous to other passengers.
9. Do not use foul language or behave in a disruptive way towards your peers and/or members of the public.
10. Do not throw food or any other object within the mode of transport or out of the windows.
11. When walking to school you must ensure that, you are respectful to the community by not shouting or blocking the pathway for others to use.

Parents/Carers:

1. Ensure your child is ready for the transport at the correct times.
2. Ensure that your child has a valid pass to travel or relevant fare.
3. Co-operate with the travel companies in responding to incidents of inappropriate behaviour.
4. Remind your child of the requirements of the Code of Conduct and the need for them to behave in a courteous, safe and responsible manner.

The school:

1. Supervise students when leaving the school site.
2. Respond to concerns and complaints regarding behaviour on transport and in the students' journey on foot to and from school.
3. Regularly raise issues involving travel with students in assemblies and events.

Behaviour on School Trips

Any incident will impact on the risk assessment that was carried out prior to the trip. The action that is taken to ensure students' safety following the incident should be such that it will reduce the impact. It must be clear to the student that the consequence of the misdemeanour is to ensure her/his safety and that of others in the party. A copy of these procedures must be incorporated into the Teacher's Pack for the trip so that all accompanying adults have a copy.

Following an incident, the immediate action should be taken to ensure the safety of all members of the party:

Take steps to safeguard against further incidents by isolating students from the scene.

Send for immediate help.

Administer first aid and/or take immediate action to prevent further injury or trauma if relevant.

Account for all students and staff by checking groups.

Make appropriate arrangements for students not immediately affected.

Ensure all accompanying adults are informed of the incident and of the action that has been taken.

As far as possible access to telephones by students should be restricted initially until parents of

students involved and/or CEO/Headteacher have been informed if necessary.

In all cases a detailed written statement should be prepared as soon after the incident as possible by

The member of staff who dealt with the incident stating the sequence of events; including timings, the

Involvement of other members of staff and the names of students who were witnesses. Care should

Be taken in the preparation of the statement as legal action might follow an incident.

On return the H&S Officer should be provided with all the information regarding the incident and will advise

on completion of accident report forms and on contacts with the LA and H&S Executive.

Severity of the incident:

Minor - e.g. failure to follow instructions that could have impacted on Health & Safety.

Student to be escorted by a member of staff for an appropriate amount of time.

Parents should be informed on return.

Potentially serious e.g. one that could have resulted in prosecution.

Student to provide written statement of the incident.

Parents to be contacted immediately by the member of staff leading the trip and informed of incident and the consequential action.

Students should be allowed to phone their parents after the member of staff has informed them.

Party Leader to inform Assistant Headteacher or SLT lead.

Student to be escorted by a member of staff for the remainder of the trip. If there is more than one student involved in the incident they should be separated as much as possible, they should be put into groups so that one member of staff is not overburdened with their care.

Student should still take part in all activities unless the risk factor is raised to a level that would make this inappropriate.

Any contraband goods should be confiscated by the member of staff leading the trip and dealt with appropriately. (Alcohol and tobacco should be handed to the parents on return unless it is a foreign trip since this could result in the member of staff exceeding their allowance, hence it should be destroyed.

Parents should have an interview with Assistant Headteacher to discuss any issues and consequential action (students involved will not be allowed to take part in any future residential visits)

Party Leader should adjust the Risk Assessment ready for future trips

An incident that results in prosecution.

CEO/Headteacher to be informed immediately; Chair of Governors to be informed by CEO/Headteacher (If either is unavailable their deputies should be informed).

CEO/Headteacher to inform the parents

Staff on the trip to inform the rest of the party and keep them updated to prevent speculation

Students should not be allowed to ring home until parents of the student have been informed

Staff in school should be informed as soon as possible

A press statement should be prepared by the Headteacher in case the incident results in press interest

The school should be informed, if appropriate

9.3 Malicious allegations

Where a pupil makes an accusation against a member of staff and that accusation is shown to have been malicious, the Headteacher will discipline the pupil in accordance with this policy.

Please refer to our Safeguarding Policy for more information on responding to allegations of abuse.

The Headteacher will also consider the pastoral needs of staff accused of misconduct.

10. Positive Behaviour management

10.1 Positive Classroom management

Teaching and support staff are responsible for setting the tone and context for positive behaviour within the classroom.

They will:

- Create and maintain a stimulating environment that encourages pupils to be engaged
- Emphasise the pupil Code of Conduct in their dealings with pupils
- Follow the school's system of structured sanctions and rewards, see appendix 4
- Develop a positive relationship with pupils, which may include:
 - Greeting pupils in the morning/at the start of lessons
 - Establishing clear routines
 - Communicating expectations of behaviour in ways other than verbally
 - Highlighting and promoting good behaviour
 - Concluding the day positively and starting the next day afresh
 - Having a plan for dealing with low-level disruption
 - Using positive reinforcement, praising and rewarding as appropriate

10.2 Physical restraint

In some circumstances, staff may use reasonable force to restrain a pupil to prevent them:

- Causing disorder
- Hurting themselves or others
- Damaging property

Incidents of physical restraint must:

- **Always be used as a last resort**
- Be applied using the minimum amount of force and for the minimum amount of time possible
- Be used in a way that maintains the safety and dignity of all concerned
- Never be used as a form of punishment
- Be recorded and reported to parents

10.3 Confiscation and Searching

Any prohibited items (listed in section 3 above) found in pupils' possession will be confiscated.

We will also confiscate any item which is harmful or detrimental to school discipline.

Searching and screening pupils is conducted in line with the DfE's [latest guidance on searching, screening and confiscation](https://www.gov.uk/government/publications/latest-guidance-on-searching-screening-and-confiscation). (see www.gov.uk/government/publications)

Confiscation of and Searching for Inappropriate Items

Following the guidance from the DfE on Screening, Searching and Confiscation the Headteacher/Head of School and staff will search students or their possessions, without consent, where they have reasonable grounds for suspecting that a student may have a prohibited item.

Prohibited items are:

Knives or weapons

Alcohol

Illegal drugs

Stolen items

Tobacco and cigarette papers

Vaping paraphernalia

Fireworks

Pornographic images

Any article that the member of staff reasonably suspects has been, or is likely to be, used to commit an offence. To cause personal injury to, or damage to the property of, any person

Confiscation

School staff can seize any prohibited item found as a result of a search. They can also seize any item, however found, which they consider harmful or detrimental to school discipline.

Searching with consent:

School staff can search students with their consent for any item.

Also note: Schools are not required to have formal written consent from the student for this sort of search – it is enough for the teacher to ask the student to turn out his or her pockets or if the teacher can look in the student's bag or locker and for the student to agree.

Searching without consent:

Any of the following items can be searched for by school staff without consent:

Knives or weapons

Alcohol

Illegal drugs

Stolen items

Tobacco and cigarette papers

Vaping paraphernalia

Fireworks

Pornographic images

Any article that the member of staff reasonably suspects has been, or is likely to be, used:

To commit an offence

To cause personal injury to, or damage to the property of, any person.

CEO or Headteacher and authorised staff can also search for any item banned by the school rules which has been identified in the rules as an item which may be searched for.

The member of staff carrying out this type of search must be:

The same sex as the student being searched; and there must be a witness (also a staff member) and, if possible, they should be the same sex as the student being searched.

Training for school staff:

When designating a member of staff to undertake searches under these powers, the CEO or Headteacher should consider whether the member of staff requires any additional training to enable them to carry out their responsibilities.

Establishing grounds for a search:

Teachers can only undertake a search without consent if they have reasonable grounds for suspecting that a student may have in his or her possession a prohibited item. The teacher must decide in each case what constitutes reasonable grounds for suspicion. For example, they may have heard other students talking about the item or they might notice a student behaving in a way that causes them to be suspicious.

In the exceptional circumstances when it is necessary to conduct a search of a student of the opposite sex or in the absence of a witness, the member of staff conducting the search should bear in mind that a student's expectation of privacy increases as they get older.

The powers allow school staff to search regardless of whether the student is found after the search to have that item. This includes circumstances where staff suspect a student of having items such as illegal drugs or stolen property which are later found not to be illegal or stolen.

School staff can view CCTV footage in order to decide as to whether to conduct a search for an item.

Location of a search:

Searches without consent can only be carried out on the school premises or, if elsewhere, where the member of staff has lawful control or charge of the student, for example on school trips.

During the search:

- Extent of the search – clothes, possessions, desks and lockers: The person conducting the search may not require the student to remove any clothing other than outer clothing

'Outer clothing' means clothing that is not worn next to the skin or immediately over a garment that is being worn as underwear, 'outer clothing' also includes hats; shoes; boots; gloves and scarves, blazer

'Possessions' means any goods over which the student has or appears to have control – this includes desks, lockers and bags

A student's possessions can only be searched in the presence of the student and another member of staff, except where there is a risk that serious harm will be caused to a person if the search is not conducted immediately and where it is not reasonably practicable to summon another member of staff

Lockers:

Under common law powers, schools can search lockers for any item, provided the student agrees. Schools can also make it a condition of having a locker - that the student consents to have it searched for any item whether the student is present or not. This is a condition at Plymouth High School for Girls

If a student does not consent to a search (or withdraws consent having signed a consent form) then it is possible to conduct a search without consent but only for the "prohibited items" listed above.

Use of force

Members of staff can use such force as is reasonable given the circumstances when conducting a search for knives or weapons, alcohol, illegal drugs, stolen items, tobacco and cigarette papers, fireworks, pornographic images or articles that have been or could be used to commit an offence or cause harm. Such force cannot be used to search for items banned under the school rules.

After the search:

Schools' general power to discipline, as set out in Section 91 of the Education and Inspections Act 2006, enables a member of staff to confiscate, retain or dispose of a student's property as a disciplinary penalty, where reasonable to do so.

Items found as a result of a 'without consent' search:

A person carrying out a search can seize anything they have reasonable grounds for suspecting is a prohibited item or is evidence in relation to an offence.

Where a person conducting a search finds alcohol, they may retain or dispose of it. This means that schools can dispose of alcohol as they think appropriate, but this should not include returning it to the student.

Where they find controlled drugs, these must be delivered to the police as soon as possible but may be disposed of if the person thinks there is a good reason to do so.

Where they find other substances, which are not believed to be controlled drugs these can be confiscated where a teacher believes them to be harmful or detrimental to good order and discipline. This would include, for example, so called 'legal highs.' Where staff suspect a substance may be controlled, they should treat them as controlled drugs as outlined above.

Where they find stolen items, these must be delivered to the police as soon as reasonably practicable – but may be returned to the owner (or may be retained or disposed of if returning them to their owner is not practicable) if the person thinks that there is a good reason to do so.

Where a member of staff finds tobacco or cigarette papers or vaping paraphernalia they may retain or dispose of them. As with alcohol, this means that schools can dispose of the above as they think appropriate, but this should not include returning them to the student.

Fireworks found as a result of a search may be retained or disposed of but should not be returned to the student.

If a member of staff finds a pornographic image, they may dispose of the image unless its possession constitutes a specified offence (i.e. it is extreme or child pornography) in which case it must be delivered to the police as soon as reasonably practicable. Images found on a mobile phone or other electronic device can be deleted unless it is necessary to pass them to the police.

Where an article that has been (or could be) used to commit an offence or to cause personal injury or damage to property is found it may be delivered to the police or returned to the owner. It may also be retained or disposed of.

Any weapons or items which are evidence of an offence must be passed to the police as soon as possible.

Dealing with mobile phones, USB Sticks and other Electronic Devices:

Where the person conducting the search finds an electronic device, they may examine any data or files on the device if they think there is a good reason to do so. Following an examination, if the person has decided to return the device to the owner, or to retain or dispose of it, they may erase any data or files, if they think there is a good reason to do so.

10.4 Pupil support

The school recognises its legal duty under the Equality Act 2010 to prevent pupils with a protected characteristic from being at a disadvantage. Consequently, our approach to challenging behaviour may be differentiated to cater to the needs of the pupil. See appendix 5 for more detail.

The school's Special Educational Needs Co-ordinator will evaluate a pupil who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met.

Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs.

When acute needs are identified in a pupil, we will liaise with external agencies and plan support programmes for that child. We will work with parents to create the plan and review it on a regular basis.

Targeted Intervention

There may be occasions where closer monitoring of student behaviour is required as an intervention and the Head of Year may choose to put a student on report. This is to monitor and set aspirational behaviour targets to improve behaviour.

Heads of year may choose to implement a behaviour contract to clearly outline what behaviour changes need to be made.

Some students will require a specific behaviour plan (see annexe 5) to outline their challenges and give guidance to staff to positively support a student's behaviour. These would be created alongside parents/carers, professionals and the pastoral team.

10.5 Use of data to monitor student behaviour

Plymouth High School uses SIMS to enter and collate all information regarding behaviour, both achievements and behaviour points. Each achievement and consequence have an allocated set of points aligned to it depending on level of achievement or severity of consequence.

Behaviour reports will be generated either by the assistant to the heads of year or the data manager each week and circulated to the pastoral lead, heads of year and heads of department. The report is then to be scrutinised, analysed, patterns observed and interventions enabled where necessary. Heads of year will use this to direct tutor intervention.

Parents are informed of their child's behaviour through the SIMS app, emails/calls from the pastoral staff, curriculum leads, heads of year or the pastoral SLT lead.

11. Pupil transition

To ensure a smooth transition to the next year appropriate staff members hold transition meetings and/or share information to ensure behaviour is continually monitored and the right support is in place.

Information related to pupil behaviour issues may be transferred to relevant staff at the start of the term or year. Information on behaviour issues may also be shared with new settings for those pupils transferring to other schools.

12. Exclusion

The school adheres to the DfE Statutory Guidance on Exclusions from maintained school, schools and pupil referral units. For details on exclusions regulations: <https://www.gov.uk/government/publications/school-exclusion>

Appendix 3 outlines the National Standards for Exclusion

Fixed and Permanent Exclusions

Exclusion from school means that the pupil is not allowed into school for disciplinary reasons.

There are two types of exclusion:

Fixed period exclusion, which can range from half a day to a maximum of 45 school days in a school year (a child can also be excluded for lunchtimes)

Permanent

- NB: Please see the TSAT [Suspension and Permanent Exclusion from School Policy](#)

Reintegration meetings

These meetings are held the next day at 8.30 upon the return of a student from exclusion. The reintegration meeting is conducted in the presence of a member of the Senior Leadership Team, the student and parent/carer. At the meeting the student is asked to reflect upon their actions and all parties consider what further interventions are needed to support the student, this may include referrals to external agencies. This is documented on the reintegration proforma.

Alternatives to Exclusion

Withdrawal from Lessons:

This is an intervention method organised to try to prevent the deterioration of a student's behaviour and thus prevent a student become excluded from the school. The student will spend lessons in a separate room which will always be staffed. During break and lunchtimes, the student will be accompanied to get their food and drink and to go to the toilet if necessary. They will be directed during this time by their Head of Year.

Internal exclusions where the student is withdrawn from their peers during lesson time will normally last no longer than a week. Withdrawal during break and lunchtime may be longer, with integration being a phased process with a support system in place to assist with this process.

Please note that a student maybe withdrawn from lessons whilst an investigation is taking place. If this occurs, then the same procedure as above will take place.

Other alternatives to exclusion include:

1. Restorative Justice
2. Mediation
3. Managed Move
4. Alternative Provision

Parental cooperation

If a parent does not comply with an exclusion, for example by sending the excluded child to school, or by refusing to collect, or arrange collection of, him or her at lunchtime, the school must have due regard for the student's safety in deciding what action to take. If efforts to resolve the issue with the parents are unsuccessful the school should consider whether to contact the Education Welfare Service.

13. Training

Our staff are provided with training on positively managing behaviour, as part of their induction process.

Positive behaviour management will also form part of professional development.

Specific members of staff will be identified to receive extra, specialist training which supports their role in school

14. Monitoring arrangements

The Positive Behaviour policy and written statement of behaviour principles (appendix 1) will be monitored and reviewed by the headteacher and the Governor's Teaching and Learning Committee annually.

At each review, the policy will be approved by the headteacher and the Teaching and Learning Committee.

The headteacher and relevant senior staff will review the pupil Code of Conduct, sanctions and rewards systems associated with implementing this policy annually.

15. Links with other policies

This behaviour policy is linked to the following policies:

- Anti-Bullying (students) Policy - sanctions
- Attendance (students) Policy – sanctions for lateness
- On-line Safety Policy – sanctions
- Safeguarding Policy
- Special Educational Needs Policy
- Teaching and Learning Policy
- Suspension and Permanent Exclusion from School Policy

Appendix 1: Written statement of behaviour principles

Every pupil understands they have the right to feel safe, valued and respected, and learn free from the disruption of others

All pupils, staff and visitors are free from any form of discrimination and have the right to be treated fairly and with respect

Staff and volunteers set an excellent example to pupils at all times

All members of the school community are required to be courteous and considerate to each other and to members of the public when representing the school

Rewards, sanctions and reasonable force are used consistently by staff, in line with the Positive Behaviours Policy

The Positive Behaviours Policy is understood by pupils and staff

Suspensions and Exclusions will only be used as a last resort

Pupils are helped to take responsibility for their actions

Families are involved in behaviour incidents to foster good relationships between the school and pupils' home life

The Governing Body also emphasises that violence or threatening behaviour will not be tolerated in any circumstances.

This written statement of behaviour principles is reviewed and approved by the Headteacher and the Governor's Teaching and Learning Committee annually.

Appendix 2: Instances where other non-controlled drugs may legitimately be in school.

Medicines

Some students may require medicines that have been prescribed for their medical condition during the school day. Staffing, administration, storage and record keeping procedures are all clearly set out in the Medicines and First Aid Policy and Administration of Medicines on the school website.

The Medicines and First Aid Policy also sets out the circumstances in which a student may take non-prescribed/over-the-counter medicines, such as those providing relief from period pains or hayfever. School staff do not give non-prescribed medication to students unless supplied with written authorisation by parent/carer.

Volatile substances

Some solvents or hazardous chemicals are legitimately used by school staff or students. These substances are stored securely (in line with COSHH regulations) and managed to prevent inappropriate access or use. Arrangements are set out in the school's Health and Safety Policy.

Alcohol

In keeping with our duty of care, employees are not permitted to consume alcohol during the school day, or at any time when they will be subsequently supervising children.

The school recognises that there may be occasions when a member of staff may experience difficulties in relation to alcohol misuse outside of school. Staff are encouraged to discuss this with line managers so that support can be put in place. An Occupation Health Referral can be actioned if appropriate.

Tobacco, e-cigarettes and vaporizers.

In keeping with our National Healthy School Standard, Plymouth High School for Girls is a non-smoking site for all traditional and electronic forms of cigarette.

Appendix 5: My Behaviour Plan

There are times where the Positive Behaviours Policy will not be able to meet the needs of complex individuals. In this case a differentiated behaviour support plan (my behaviour plan) would need to be created in order to support the needs of complex students.

Requests to use this format must be made by the Head of Year in conjunction with the SLT pastoral lead.

This format would be used for students who may present with complex psychological needs that affect their behaviours. An example would be a student who has experienced trauma and their behaviour presents in a way that has been informed by trauma, or a student who has experienced a significant number of adverse childhood experiences (ACE's). The plan is created for the student and under the advice of any professionals working with the school or student. These plans are designed to be used as a specialist intervention for complex individuals.
