All students are entitled to a broad and balanced curriculum, suitably differentiated to meet individual needs. Our aim is to assist all our students to achieve their full social, emotional and academic potential, both within the school community and in wider contexts. Provision will be made for those whose needs are not easily met within the normal academic and pastoral curriculum so that they may remain as fully integrated as possible.

The Code of practice (2014) states that:

A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- . Have a significantly greater difficulty in learning than the majority of others of the same age; or
- . Have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or maintained post-16 institutes.

### Whole School Approach to Teaching and Learning:

- ✓ High Quality Teaching and Learning – All teachers are responsible for the learning and progress of every child in their class, including those with SEND.
- ✓ An inclusive, differentiated and personalised approach to enable all learners, including those with SEND, to engage with all aspects of school life.

- ✓ Refer to Teaching and Learning Policy
- ✓ **Our Graduated Response for Learners:**
- ✓ Continual monitoring of the quality of teaching
- ✓ Identifying and tracking the progress of children via termly TAC meetings.
- ✓ Identification of children/young people requiring SEND support and initiation of “assess, plan, do, review” cycle.
- ✓ Consideration of application for Education, Health and Care Plan.
- ✓ All children/young people identified as requiring SEN Support, or with an Education, Health and Care Plan are on our Record of Need.

**How we identify children/young people that need additional or different provision:**

- ✓ Class teacher refers to SENDCO – via inclusion referral form
- ✓ Ongoing curriculum assessments
- ✓ Tracking progress using data
- ✓ Further assessments by specialists, including those from external agencies

We take a holistic approach to all aspects of a child’s development and well-being. Our pastoral support arrangement for supporting the emotional and social development of all young people, including those with SEN, is set out in our School Offer. Our measures to prevent bullying can be seen in our Anti-bullying policy.

**How we listened to the views of children/young people and their parents:**

| What                                  | Who                             | When             |

**The Assess, Plan, Do, Review Cycle:**

For children/young people on our Record of Need, an Assess, Plan, Do, Review cycle was established by Mrs Payne with Heads of Year in partnership with the child/young person, their parents and the subject teachers.

This year, provision made for children/young people on our Record of Need has been:

- ✓ Communication and Interaction – personalised timetable, calm place in A01, additional planning for transitions, ear defenders, outside agency support, individual risk assessments.

- ✓ Cognition and Learning – Screening, Educational Psychologist involvement when appropriate. Exam concessions applied for when appropriate.
- ✓ Social, Emotional and Mental Health – 2 learning mentors, access to counsellors and CAMHs worker, Jeramiah's journey
- ✓ Sensory and/or Physical Needs – Advisory teacher support, school nurse, CAMHs.
- ✓ Counselling available via Young Devon and MAST
- ✓ Access to KOOTH online counselling

During the 2023/2024 academic year, we had 4 young people receiving SEND Support and 5 young people with an Education, Health and Care Plan.

We monitored the quality of this provision by lesson observations and drop-ins.

We measured the impact of this provision by student progress and by reviewing the curriculum.

### **Partnerships with other schools and how we managed transitions:**

We have worked with a number of schools in the area in the following ways:

- ✓ Enhanced transitions
- ✓ Primary visits
- ✓ Zoom/Teams, in person meetings
- ✓ In school Careers lead available for 1:1 appointment
- ✓ Year 10/11-the school will continue to help exploration of specific post-16 options and assist with the application process.
- ✓ Information regarding the needs of the student will be shared with the next educational provided and support for transition visits will be facilitated where required.

Young people making decisions about their Key Stage 4 subjects have been supported by support plan meetings/learning mentors/careers interviews.

We worked with Sixth Form staff to ensure that young people are prepared for transition from school to further education or training. We did this by 1:1 career appointments, personal statement and CV writing assistance and contacting support services at universities.

Parents were included in this process through inviting them to be part of the above process.

### **Ongoing development:**

We work hard to ensure that any areas of support for our learners that can be improved are identified and that strategies are put in place to make those improvements. We do this through our School Development Plan. This can be found on the school website.

### **Our complaints procedure:**

Anyone wishing to make a complaint with regard to SEND support and provision should write to the Head teacher/Chair of Governors.
