Name: Date:
(Parent or person with parental responsibility)

I give permission for my child to be given the Emergency Salbutamol inhaler kept by school.

Signed:

Name: Date:
(Parent or person with parental responsibility)

I give permission for my child to manage the use of their own pen injector for diabetes.

Signed:

Name: Date:
(Parent or person with parental responsibility)

I give permission for my child to carry their Epipen at all times and I take responsibility to provide an in-date spare to be kept in school for emergencies.

Signed:

Name: Date:
(Parent or person with parental responsibility)

Notes on Guidance:

- The Head Teacher (or their nominee) will only administer medicines prescribed by a doctor.
- This form should be completed by the parent, guardian or person with parental responsibility for the pupil/student and delivered with the medication to the nominated person.
- The medicine should be in date and clearly labelled with:
 - Its contents
 - The owner's name
 - Dosage and frequency
 - Name of prescribing doctor
- The information overleaf is requested, in confidence, to ensure that the school is fully aware of the medical needs of your child.

While no staff member can be compelled to give medical treatment to a pupil/student, it is hoped that the support given through parental consent, the support of the City Council through these guidelines and the help of the School Medical Services will encourage them to see this as part of the pastoral role.

Where such arrangements fail, it is the parents' responsibility to make appropriate alternative arrangements.
