

Plymouth High School for Girls

"For life, not school, we learn"

25th February 2021

Dear Parents,

As you will know, all schools have been asked to conduct lateral flow tests on staff and students prior to the full return to the classroom. We are in the process of planning for these tests and for a return to face to face teaching. We suspect that a large proportion of our families will take up the offer of LFT. To do this safely, it is most likely that we will conduct the test the day before inviting students back to school. For example, if a year group were tested on Monday the 8th March, they will return on Tuesday the 9th March for face to face teaching. Students awaiting their LFT will continue to learn remotely.

In order for us to plan for the return of all students, we need to know how many tests we need to conduct.

Below you will see a link to the Trust consent form. Please click on the link and answer yes or no to the permission question. After you have made your decision a further drop down menu will appear so that you can enter your child's details. A separate consent form will need to be completed for each child.

[LFT Consent Form](#)

I would like to thank you in advance for your support of the Government drive to make schools as safe as possible. If all students take the test, we can have a high level of assurance that the environment is safe for all.

Best wishes,

Simon Underdown.
Headteacher
