

A Level Theatre Studies at Plymouth High School  
Yr11 into Yr12 summer transition task:

**Research task:**

For September students studying Theatre Studies will need to come with research on the following:

- 1) Franz Kafka-his life, background, and influences and how that forms the context for his story, 'Metamorphosis.'
- 2) The theatre practitioner, Stephen Berkoff-background, influences and his techniques and methodologies used in performance.

You will be required to put together a presentation on all of the information you discover, which will then be shared with the class.

This must also be produced in a form that can be handed out to the other students to keep and refer to at any point.

I don't want sheets simply printed off from the internet-you will need to show that you have processed, edited, and organised the information.

Miss Crouch
