

# Setting up an account for SIMS Online Services

## Who should read this guide?

Anyone who receives an invitation from their school to use a SIMS Online Service such as SIMS Parent, SIMS Parent Lite, SIMS Student, Options Online, SIMS Engagement Portal, SIMS Activities Portal or Product Admin Portal.

**IMPORTANT NOTE:** The sole exception is the Administrator responsible for registering the school during setup of the SIMS Online Service who should refer to the SIMS Parent and SIMS Parent Lite Setup Guide ([https://support.capitasoftware.com/csm?id=kb\\_article\\_view&sysparm\\_article=KB0035954](https://support.capitasoftware.com/csm?id=kb_article_view&sysparm_article=KB0035954)).

## Introduction

You can create an account using SIMS ID or a Third-Party provider that you can use every time you sign in to a SIMS Online Service<sup>1</sup>. Once you have created your account, you can use it for other SIMS Online Services you are invited to by the school, although you will still need to complete the registration for the new service. Parents can see all their children at the school using this account. School staff can see all their SIMS Online Services using this account.

Whether you choose SIMS ID or opt to use a Third-Party provider, you will be guided through these steps:

To set up an account using SIMS ID, please refer to **How do I create an account using SIMS ID?**

If you want to set up an account using a Third-Party provider (Facebook, Twitter, Google, Microsoft (also Office 365) or Apple ID), please refer to **How do I create an account using a Third-Party Provider?**

These examples use SIMS Parent, but it is the same process for other SIMS Online Services.

*NOTE: Parents who have more than one child at a school using SIMS Online Services will only have to register once at that school. Once registered, all pupil/students at that school will be visible. Parents who have children at different schools that also use SIMS Online Services will need to register for each school and will only ever be able to view one school at a time.*

<sup>1</sup> If you forget which Third-Party account, please contact your school who can assist you.

## Troubleshooting: Why can't I register?

If you see **The code you have entered is not recognised** message, this means that you have either tried to register using a code belonging to another person (e.g. a parent using a child's SIMS Student invitation to try to register for SIMS Parent) or you have used an out-of-date code (e.g. you have received more than one invitation email and have not used the most recent one).

Check you have used the correct email to register.  
Check you are signed in with the account.

### Registration

The code you have entered is not recognised.

You will have received a new service invite code from either SIMS or from your school administrator.  
Please enter the code below and tap or click Register.
