

# Plymouth High School for Girls

*"For life, not school, we learn"*

19<sup>th</sup> June 2020

Dear Students,

Well done for the hard work that you have put in so far this week on all of your assessments. We are really pleased with the way in which you are tackling each one and continuing to show the Plymouth High spirit of resilience and effort.

We know that you have worked really hard in preparing for these assessments and hope that next week goes just as well. Remember to have some free time over the weekend to enjoy the weather and relax with your families.

Please recall that we have already informed you that these assessments are not going to be used to set you for the next academic year or inform predicted grades, so you must not worry or panic about them. The assessments are a tool that your teachers will use to see where any gaps or misconceptions might lie in your understanding, so that we can focus our teaching in the remaining weeks of the summer term. Teachers will be able to plan dedicated improvement and reflection tasks based on the specific areas identified from the assessments in order to help you to continue to make good progress across all academic subjects.

I wish you all the best for next week

**Miss Donna Roughton**  
**Assistant Headteacher**
