

SUMMER TASK

THEATRE STUDIES

1. Read the play, 'Metamorphosis.' You can collect a copy from me.
2. Complete detailed research on both Kafka and Berkoff-social, political, historical context, background, influences etc. For Berkoff you should also research his theatrical approaches and techniques.
3. Make any connections and parallels between them and how this relates to the themes and issues surrounding the play.
4. Prepare a presentation of your work. This will be presented to the class. It should be your own work and not just printed sheets from the internet.
